

## HEATH & HOLMEWOOD PARISH COUNCIL

### Local young hero, helps save Remembrance

Sunday 8<sup>th</sup> November 2020

Heath and Holmewood Parish Council would like to thank 14yr old Logan Noakes, for stepping in at the 12th hour to save the Remembrance recording.

"With the Covid crisis this year, events have been especially difficult, we as a council, were determined to try to make this year's service accessible to all"

After hearing that our media whizz needed to self-isolate, I was extremely anxious.

"This left me in the daunting position of having no one to film our event. After pondering the crisis, I remembered Logan"

In the past few years, Logan has done a film project alongside the HHHF youth club and volunteered his time as a helper, assisted with last year's Christmas event and has experience with the filming equipment.

"When the idea dawned, it was a no brainer for me, despite Logan's young age, he always acts maturely and responsibly, I knew he would rise to the challenge"

Thank you Logan, for helping to ensure, residents could access this year's event.
